TAMPOPRINT® AG - Your system partner!

TAMPOPRINT® AG is a well-established partner for the European brand manufacturers in the toy industry.

Our automations are in use 24h a day.

As a long-time partner of many well-known companies and their suppliers we have developed a very high know-how in this industrial sector. Our high quality fully automatic systems are printing millions of all kinds of toy parts every day.

Our tampon printing and laser marking automatic machines meet the highest quality requirements when used in multi-shift operation with high throughput speed. As far as special solutions are concerned, our project management has many years of experience also in this field.

Highest precision of the print image registration on convex, round or flat parts using the tampon printing process, one to multicolour, in colourful micro printing are a matter of course and meet the high standards of modern industrial products. Process monitoring using camera systems will secure the quality of your production.

Whether smallest toy parts, difficult shape formings or large-sized toy parts, smallest eyes or colourful areas, TAMPOPRINT® has the suitable automation as well as tampons and printing inks tested by LGA (test-institute based in Germany) for you.
